

**The Carriage of Dangerous Goods and Use of Transportable
Pressure Equipment Regulations 2009**

Notice of Recognition

Notice Number 21
(Revision 1)

The GB competent authority¹ recognises the following pressure vessel codes² for the design and construction of portable tanks in accordance with the provisions of Chapter 6.7 of RID and ADR.

| Reference | Title |
|--|--|
| PD 5500:2009 +A2:2010 | Specification for unfired fusion welded pressure vessels |
| ASME VIII : Division 1 Boiler and Pressure Vessel Code | Rules for construction of pressure vessels |
| ASME VIII: Division 2 Boiler and Pressure Vessel Code | Alternative rules for construction of pressure vessels |
| AD 2000 (Merkblatt) | Technical Rules for Pressure Vessels |
| CODAP 2000 | Code for the Construction of Unfired Pressure Vessels |

¹ Regulation 26 of The Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2009 provides for the GB competent authority to perform those functions that are identified in ADR, RID and ADN as being the functions of a competent authority.

² This is a requirement of chapter 6.7.2.2.1 and 6.7.4.2.1
Issue 2

| | |
|----------------|--|
| Stoomwezen | Rules for Pressure Equipment |
| EN 14025: 2008 | Tanks for the Transport of Dangerous Goods – Metallic Pressure Tanks – Design and Construction |
| EN 13530: 2002 | Cryogenic Vessels. Large transportable vacuum insulated vessels. |

This notice of recognition comes into force immediately and shall remain in force until 30 June 2013 unless otherwise revised or withdrawn.
