SECURITY IN NORTHERN IRELAND

Since the end of Op BANNER, life in Northern Ireland for service personnel and their families has improved considerably. However, the unique situation in Northern Ireland means that the military community must pay particular attention to their personal safety. This can be achieved by following a number of measures.

Information on these measures can be obtained by attending a security brief on arrival in Northern Ireland. Service personnel are to receive the Northern Ireland Induction brief from their unit within 48hrs. A security brief is also available for all families on arrival at Lisburn. This takes place on the first Tuesday on every month at 0930hrs in the community centre. There are many ways to receive up to date security information:

- The Northern Ireland Garrison Security Awareness website is available through DII on the intranet at www.nisyaware.dii.r.mil.uk Unit welfare staff can access this site on behalf of dependents.
- Sign up to your unit's text messaging system via your welfare office and receive information via your mobile phone.
- If you require specific security advice, for example all out of bounds areas, then call the team at the Centralised Risk Assessment Cell (CRAC) on 9491 63601 (mil) or 02892 263601 (civilian)
- Information about out of bound areas can also be obtained from the Northern Ireland Security Guard Service at the main entry point to camp.

Before arriving in Northern Ireland contact your unit for up to date information about both the current security situation and how to travel to your new unit.

If you are at all unsure about how to obtain information on security in Northern Ireland the call any of the Northern Ireland HIVE's or you unit welfare office.

This is a brief overview of the area and facilities available at Lisburn Station. The HIVE holds further information and will research information on your behalf.
