

**The Carriage of Dangerous Goods and Use of Transportable
Pressure Equipment Regulations 2009
Authorisation No. 216**

This authorisation is given in accordance with Regulation 12(1) of The Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2009, (CDG 2009).

PURPOSE

To allow the carriage of certain class 7 radioactive goods either alone or with other packaged dangerous goods on a transport unit without the requirements of ADR 8.1.4 relating to fire fighting equipment.

TIME LIMIT

This authorisation comes into effect immediately and remains valid until 30 June 2015.

ALTERNATIVE CARRIAGE PROVISIONS

1. The radioactive material carried on the transport unit must be either UN 2908, 2909, 2910 or 2911 or any combination thereof.
2. Radioactive material specified in 1. above may be carried together with dangerous goods of other classes provided that those goods are either exempted from the provisions of ADR by application of Special Provisions, packaged in limited quantities in accordance with ADR Chapter 3.4 or packaged in excepted quantities in accordance with ADR Chapter 3.5.
3. All participants involved in the transport operation must receive general awareness training commensurate with their responsibilities.
