

## Poll for Defence Green Paper 2009:

The MoD is currently developing a Green Paper, which will be published in early 2010. This is in preparation for the Strategic Defence Review which will take place early in the next Parliament.

In developing the Green Paper, we were interested in hearing what the general public thought about a number of issues. In order to allow as many people as possible an opportunity to give their views we provided an open invite for people to complete an on-line poll which ran between 12 Nov and 10 Dec 2009. 4,582 completed surveys were received.

The results of the poll are published below. Whilst the poll, because of its self-selecting nature, cannot be considered representative of the UK population, it does give us an indication of the views of those members of the general public who have an interest in Defence issues. Their views will be considered when developing the Green Paper.

We would like to thank everyone who completed the poll.

### Results (All results in percentages<sup>1</sup>):

Q1. To what extent do you agree or disagree with the following statements about the Armed Forces?

1. "UK Armed Forces are a force for good in the world":

Internet poll

Strongly agree	69
