

The Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2009

Authorisation No 245

Applicable to carriage by road only

This authorisation is given in accordance with Regulation 12 of the Carriage of Dangerous Goods and Use of Transportable Pressure Equipment Regulations 2009 (CDG 2009).

Purpose

To permit the carriage of large flammable gas lighters containing more than 10 g of flammable gas or not otherwise complying with Special Provision 201 of ADR for purposes of analysis or disposal.

Time limit

This authorisation comes into effect on 19 July 2011 and remains valid until 31 December 2012 unless otherwise revoked.

Alternative carriage provisions

1. This authorisation applies only to the carriage of single consignments of flammable gas lighters containing more than 10 g of flammable gas or not otherwise complying with Special Provision 201 of ADR as directed by appropriately empowered enforcement or trading standards officers from the place of seizure to a suitable destination for the purposes of analysis or disposal.
2. Such lighters shall be packaged in strong rigid outer packagings and the lighters shall be arranged within the packaging to prevent movement, inadvertent ignition of the devices or inadvertent release of flammable gas or liquid.
3. The gross mass of each package shall not exceed 10 kg and no more than 30 kg in total shall be carried per transport unit.
4. The vehicle driver shall be made aware of the hazardous nature of the consignment.

5. No other requirements of CDG 2009 need be complied with.
6. A copy of this authorisation shall accompany the carriage operation.
