2. This licence does not authorise the export of goods:
- (1) if the exporter has been informed by a competent authority that they are or may be intended, wholly or in part, to be used in connection with the development, production, handling, operation, maintenance, storage, detection, identification or dissemination of chemical, biological or nuclear weapons, or the development, production, maintenance or storage of missiles capable of delivering such weapons;

- (4) the goods shall not be exported for any military purpose;
- (5) the goods shall not be exported to a destination within a Customs Free Zone.

Conditions and Requirements

- 3. The authorisation in paragraph 1 is subject to the following conditions:
 - (1) the goods must originally have been owned by the UK Ministry of Defence, or the equivalent organisation in a NATO or EU member country, and documentary evidence thereof must be available for inspection, if so requested, by an officer of UK Border Agency at the time of export: for these purposes "documentary evidence" means a letter from the UK Ministry of Defence, or the equivalent organisation in a NATO or EU member country or their contracted disposals agency, which confirms previous ownership, or UK Ministry of Defence (MoD) Form 654, or the Driver and Licensing Authority (DVLA) Form V5;
 - (2) official and commercial export documentation accompanying the goods shall include a note stating either:
 - (a) "the goods are being exported under the OGEL (Military Surplus Vehicles)"; or

 - (3) the requirements of Article 28 of the Order shall apply to any export under this Licence.

- (4) Where the exporter has received a warning letter sent on behalf of the Secretary of State which identifies failure to comply with this Licence or a provision of applicable export control legislation, the exporter shall take such steps as are identified in that warning letter (within the timescale stated) in order to restore compliance with the Licence. Without prejudice to article 34 of the Order, failure to comply with this condition may result in this Licence being revoked or suspended until the exporter can show compliance to the satisfaction of the Export Control Organisation. The exporter will be notified in writing of any such suspension or revocation and the initial period of such suspension or revocation. Where at the end of this initial period, the exporter has not shown compliance to the satisfaction of the Export Control Organisation, the period of suspension or revocation may be extended. The exporter will be notified of such an extension in writing.

Overlapping Descriptions

4. Where the export of any goods is controlled by virtue of any head of the entry in Schedule 1 to this Licence and their export is also controlled by virtue of any other head or entry in Schedule 2 to the Order, the export of such goods is not authorised by this Licence.

Prohibitions not affected by this Licence

5. Nothing in this Licence shall affect any prohibition or restriction on the exportation or the carrying out of any other act with respect of the exportation of any goods concerned under, or by virtue of, any enactment other than a prohibition or restriction in the legislation under which this licence was issued, as set out in the licence itself.

Interpretation

6. In this Licence:

- (1) "competent authority" means the Secretary of State or any other competent authority empowered by a Member State to issue export

authorisations for the purposes of Council Regulation (EC) No. 428/2009^(a) ;

- (2) a "Customs Free Zone" is a part of the territory of a country where any goods introduced are generally regarded, insofar as import duties and taxes are concerned, as being outside the Customs territory of that country, and are not subject to the Customs controls that would otherwise apply;
- (3) "entry" and "head" includes part of an entry or head;
- (4) unless the context otherwise requires, any other expression used in this Licence shall have the meaning it has in the Export Control Act 2002^(b) or the Order.

Entry into Force

7. This Licence shall come into force on 6th July 2011.

8. The Open General Export Licence (Military Surplus Vehicles) 21st May 2010 is hereby revoked.

3. One of the conditions attached to this Licence is that Article 28 of the Export Control Order 2008 shall apply to its use.

4. An exporter who exports goods under the authority of this Licence must before his first exportation under the Licence, inform the Secretary of State of his intention to export goods under this Licence and of the address where copies of the said records may be inspected.

This notification must be made via the Export Control Organisation's electronic licensing system, SPIRE, at www.spire.bis.gov.uk.

5. The Secretary of State has the power to suspend or revoke licences at any time and in such circumstances and on such terms as he thinks fit. If an exporter receives

written notice to this effect, he will be prevented from relying on this Licence. The power to suspend may be used in addition to criminal prosecution or as an alternative. Suspension may occur for example where an exporter is being investigated or prosecuted in relation to a possible criminal offence, or has been found guilty of a criminal offence under the export control legislation. It may also be used in situations where an exporter has breached the conditions of the Licence and failed to take corrective action within a reasonable period (see condition 3(4)).

6. Where, the ECO identifies failures in compliance with licence conditions or the legislation during a compliance visit, the ECO may send a warning letter to the exporter listing the improvements that need to be made to ensure compliance. The letter will set out the timeframe within which these improvements must be completed. Failure to complete these improvements may lead to the exporter's ability to use the licence being suspended for a period of time.

7. The exporter may apply for Standard Individual Export Licences during the period of suspension. Suspension will not automatically prevent him from using another OGEL so long as he meets all its terms and conditions and that he has not received a letter suspending or revoking his ability to use that licence.

8. The provisions of this Licence only apply for the purposes of the Export Control Order 2008: in particular, this Licence does not extend to prohibitions in other legislation implementing United Nations Sanctions.
