Dear Minister,

I had the pleasure of meeting you at a London First breakfast meeting during the Conservative party conference at Manchester and afterwards spoke to you briefly to describe the proposed London River Park project. (www.Londonriverpark.com)

We are hoping to develop this £65million project on the north side of the Thames in time for the Queen's Diamond Jubilee celebration in June next year. Boris Johnson has been championing this project.

After exhaustive technical marine trials and investigations with the PLA and a current investment approaching £6m, the PLA appear to be reluctant to grant us a river licence when they hold their Board Meeting next week. In our opinion for no

justifiable reason. This would kill the project even before it goes before the City of London planning committee on 15th November.

Therefore we are respectfully asking you in your capacity of Transport Minister with responsibility for the PLA to examine the situation and support our reasonable request.

I would of course be delighted to furnish you with any further information you require or attend any meeting.

Best Regards,
John Naylor
