

Letter to all bus operators - How changes to BSOG rates will affect quarterly payments in 2012

Government announced in the 2010 Spending Review that the rate at which Bus Service Operators Grant (BSOG) is paid would be cut by 20 per cent from 1st April 2012.

We are writing to outline how this change will affect your BSOG payments.

Annex A outlines the new BSOG rates which will apply from 1st April 2012.

Annex B provides a series of examples to show how operators with different claim years will be affected by changes to the BSOG rate coming into effect on 1st April 2012.
