

Applications received for new or extended competent person schemes, July 2012

Below is a list of all the applications received by 6 July 2012, relating to operating a new competent person scheme or to extending an existing scheme. These applications are currently being considered by the Department.

Applicant	Type of work	New/extended scheme
Air Tightness Testing & Measurement Association	Air-pressure testing of buildings	New
Insulation Competent Persons Scheme (ICPS) (provisional name for new entity to be set up by BBA & SWIGA)	Insulation - retro-fit and new build for domestic and non-domestic buildings; the initial focus will be external wall insulation, internal wall insulation, hybrid wall insulation, and in due course, loft insulation, roof insulation (flat and pitched), floor insulation, room-in-roof insulation.	New
Quidos Limited	<p>Row¹ 2. Installation of heating or hot water system connected to a heat-producing gas appliance, or associated controls.</p> <p>Row 4. Installation of a solid fuel burning combustion appliance.</p> <p>Row 5. Installation of a heating or hot water system connected to an oil-fired combustion appliance or its associated controls.</p> <p>Row 6. Installation of a heating or hot water system connected to a solid fuel burning combustion appliance or its associated controls.</p> <p>Row 7. Installation of a heating or hot water system connected to an electric heat source or its associated controls.</p> <p>Row 8. Installation of a mechanical ventilation or air conditioning system or associated controls, which does not involve work on a system shared with parts of the building occupied separately, in a building other than a dwelling.</p> <p>Row 9. Installation of an air conditioning or ventilation system in a dwelling, which does not involve work on systems shared with other dwellings.</p> <p>Row 10. Installation of a lighting system or electric heating system, or associated electrical controls.</p> <p>Row 11. Installation of fixed low or extra-low voltage electrical installations.</p>	New

¹ Refers to rows in Schedule 3 of the Building Regulations 2010

Applicant	Type of work	New/extended scheme
	<p>Row 12. Installation of fixed low or extra-low voltage electrical installations as a necessary adjunct to or arising out of other work being carried out by the registered person.</p> <p>Row 13. Installation, as a replacement, of a window, rooflight, roof window or door in an existing dwelling.</p> <p>Row 14. Installation of a sanitary convenience, sink, washbasin, bidet, fixed bath, shower or bathroom in a dwelling, which does not involve work on shared or underground drainage.</p> <p>Row 15. Installation of a wholesome cold water supply or a softened wholesome cold water supply.</p> <p>Row 16. Installation of a supply of non-wholesome water to a sanitary convenience fitted with a flushing device which does not involve work on shared or underground drainage.</p> <p>Row 17. Installation in a building of a system to produce electricity, heat or cooling:</p> <p>(a) by microgeneration, or</p> <p>(b) from renewable sources (as defined in European Parliament and Council Directive 2009/28/EC of 23 April 2009 on the promotion of the use of energy from renewable sources).</p> <p>Row 18. Insertion of insulating material into the cavity walls of an existing building.</p>	
Reiga Resolutions Limited	<p>Row 17. Installation in a building of a system to produce electricity, heat or cooling:</p> <p>(a) by microgeneration, or</p> <p>(b) from renewable sources (as defined in European Parliament and Council Directive 2009/28/EC of 23 April 2009 on the promotion of the use of energy from renewable sources).</p> <p>Row 18. Insertion of insulating material into the cavity walls of an existing building.</p>	New
Ascertiva Group Limited	<p>Row 18. Insertion of insulating material into the cavity walls of an existing building.</p> <p>Row 13. Installation, as a replacement, of a window, roof light, roof window or door in an existing dwelling</p> <p>District Heating, Hot water taps (efficient), Variable speed drives for fans and pumps, Chillers, Loft Insulation, Pitched Roof Insulation, Flat Roof Insulation, Internal Wall Insulation, External Wall Insulation, Hybrid Wall Insulation, Draught Proofing, Floor Insulation, Heating System Insulation (pipes and cylinders)</p>	Extended
Benchmark Certification Ltd	<p>All Green Deal measures notifiable under building regulations, to include:</p> <p>1. Installation of:</p> <p>(a) an oil-fired combustion appliance; or</p>	Extended

Applicant	Type of work	New/extended scheme
	<p>(b) oil storage tanks and the pipes connecting them to combustion appliances.</p> <p>2. Installation of a heating or hot water system connected to an oil-fired combustion appliance or its associated controls.</p> <p>3. Installation of a mechanical ventilation or air conditioning system or associated controls, which does not involve work on a system shared with parts of the building occupied separately, in a building other than a dwelling.</p> <p>4. Installation of an air conditioning or ventilation system in a dwelling, which does not involve work on systems shared with other dwellings.</p> <p>5. Installation of a lighting system or electric heating system, or associated electrical controls.</p> <p>6. Installation, as a replacement, of a window, rooflight, roof window or door in an existing dwelling.</p> <p>7. Insertion of insulating material into the cavity walls of an existing building.</p> <p>8. Insulation; loft, pitched roof, flat roof, internal wall insulation, external wall insulation, hybrid wall insulation, floor, duct,</p> <p>9. Under-floor heating</p>	
BM Trada Certification Limited	<p>Row 17. Installation in a building of a system to produce electricity, heat or cooling :</p> <p>(a) by microgeneration, or</p> <p>(b) from renewable sources (as defined in European Parliament and Council Directive 2009/28/EC of 23 April 2009 on the promotion of the use of energy from renewable sources).</p> <p>Installation or replacement of passive fire protection measures within buildings (eg fire doors, pipe penetration seals, cavity barriers, linear gap seals, glazed screens etc).</p>	Extended
Certass Limited	<p>Row 21. Installation of replacement windows, doors, roof windows or roof lights in existing buildings other than dwellings (excluding replacement of load bearing structural glass, glazed curtain walling or revolving door).</p> <p>Building fabric insulation to match the Green Deal measures for domestic and non domestic properties in the following areas:</p> <ul style="list-style-type: none"> • internal wall insulation • external wall insulation • floor Insulation • loft insulation 	Extended
ECA Certification Ltd.	<p>Cavity wall insulation in an existing building</p> <p>Plumbing and water supply systems:</p>	Extended

Applicant	Type of work	New/extended scheme
	<p>(a) wholesome and softened wholesome water supply</p> <p>(b) non-wholesome water supply to a sanitary convenience with a flushing mechanism (not involving work on shared or underground drainage)</p> <p>(c) sanitary conveniences, sinks, washbasins, fixed baths, showers, or bathrooms in dwellings (not involving work on shared or underground drainage)</p> <p>Mechanical ventilation and air-conditioning systems:</p> <p>(a) in dwellings (not involving work on systems shared with other dwellings).</p> <p>(b) in buildings other than dwellings (not involving work on a system shared with parts of the building occupied separately)</p> <p>Replacement windows, doors, roof windows or rooflights:</p> <p>(a) in existing dwellings</p> <p>(b) in existing buildings other than dwellings (excluding replacement of load bearing structural glass, glazed curtain walling or revolving doors.</p> <p>Green Deal - Active Measures:</p> <ul style="list-style-type: none"> • gas fired Condensing boilers • oil fired Condensing boilers • heating controls • under-floor heating • gas fired warm air heating systems • electric storage heaters • flue gas recovery devices • heat recovery systems • mechanical ventilation (non-domestic) • lighting fittings (non-domestic) • lighting controls (non-domestic) • innovative hot water systems • water efficient taps and showers • ground and air source heat pumps • solar thermal • solar PV systems • biomass boilers • micro CHP equipment • micro and small scale wind turbine systems <p>Green Deal - Passive measures:</p> <ul style="list-style-type: none"> • cavity wall insulation • loft insulation • pitched roof insulation • flat roof insulation • internal wall insulation 	

Applicant	Type of work	New/extended scheme
	<ul style="list-style-type: none"> external wall insulation hybrid wall insulation draught proofing floor insulation heating system insulation (cylinder, pipes) energy efficient glazing and doors 	
HETAS Limited	<p>Row 14. Installation of a sanitary convenience, sink, washbasin, bidet, fixed bath, shower or bathroom in a dwelling, which does not involve work on shared or underground drainage.</p> <p>Row 15. Installation of a wholesome cold water supply or a softened wholesome cold water supply.</p> <p>Row 16. Installation of a supply of non-wholesome water to a sanitary convenience fitted with a flushing device which does not involve work on shared or underground drainage.</p>	Extended
National Federation of Roofing Contractors	<p>1) The installation of roof insulation ie that fitted above the ceiling line, to all forms of existing roofing, both pitched and flat.</p> <p>2) The fitting of roof-integrated and on-roof solar mounting assemblies and collectors of solar equipment to both pitched and flat roof structures and the waterproofing of these mountings.</p> <p>3) The installation of wall insulation to demountable clad (eg metal, rain screen, etc) non domestic buildings in line with the requirements of the Green Deal and of the Building Regulations.</p>	Extended
NAPIT Registration Limited	<p>Row 8 – mechanical ventilation & air-conditioning (non-domestic)</p> <p>Row 13 – windows & doors</p> <p>Row 18 – cavity wall insulation</p> <p>Row 19 – replacement roof covering</p> <p><i>Work new to self-certification and included in PAS2030:2012:</i></p> <p>Annex I - loft insulation</p> <p>Annex J - pitched roof insulation</p> <p>Annex K - flat roof insulation</p> <p>Annex L - internal wall insulation</p> <p>Annex M - external wall insulation</p> <p>Annex N - hybrid wall insulation</p> <p>Annex P - floor insulation</p>	Extended
Stroma Certification Limited	<p>Stroma Certification Ltd are applying to extend their current scope of authorisation to include:</p> <p>Row 3. Installation of :</p> <p>a) an oil-fired combustion appliance</p> <p>b) oil storage tanks and the pipes connecting them to combustion appliances.</p>	Extended

Applicant	Type of work	New/extended scheme
	<p>Row 4. Installation of a solid fuel burning combustion appliance.</p> <p>Row 8. Installation of a mechanical ventilation or air conditioning system or associated controls, which does not involve work on a system shared with parts of the building occupied separately, in a building other than a dwelling.</p> <p>Row 9. Installation of an air conditioning or ventilation system in a dwelling, which does not involve work on systems shared with other dwellings.</p> <p>Row 13. Installation, as a replacement, of a window, rooflight, roof window or door in an existing dwelling.</p> <p>Row 14. Installation of a sanitary convenience, sink, washbasin, bidet, fixed bath, shower or bathroom in a dwelling, which does not involve work on shared or underground drainage.</p> <p>Row 16. Installation of a supply of non-wholesome water to a sanitary convenience fitted with a flushing device which does not involve work on shared or underground drainage.</p> <p>Row 18. Insertion of insulating material into the cavity walls of an existing building.</p> <p>Row 19. Installation, as a replacement, of the covering of a pitched or flat roof and work carried out by the registered person as a necessary adjunct to that installation.</p> <p>Row 21. Installation, as a replacement, of a window, rooflight, roof window or door in an existing building other than a dwelling.</p> <p><i>Green Deal Measures:</i></p> <ul style="list-style-type: none"> • external wall insulation systems • internal wall insulation systems (for external walls) • room in roof insulation • under-floor insulation
