

DRAFT - SUBJECT TO CONTRACT

DOCUMENT “RSC” - ROLLING STOCK CAPACITIES

This document sets out the nominal standard class passenger capacities for different classes and configurations of rolling stock, for the purposes of load factor regulation.

Class	Cars	Standard seats	Standard standing	Total Standard
153	1	75	23	98
142 refurb	2	106	46	152
142 unrefurb	2	121	31	152
143 refurb	2	106	46	152
143 unrefurb	2	121	31	152
150/2 refurb	2	116	83	199
150/2 unrefurb	2	149	50	199
158 W&B	2	134	71	205
175/0	2	121	85	206
175/1	3	189	135	324
LHCS - TSO	1	64	43	107
LHCS - BSK	1	24	22	46

These capacities are based on information supplied to the Authority as at the date of the Franchise Agreement. The Franchise Operator should advise the Authority of any changes to the interior layouts of the rolling stock vehicles during the Franchise Period so that the attached figures can be reviewed and, if appropriate, revised.
