

EXPORT LICENCE

Open General Export Licence (Export For Repair/ Replacement Under Warranty: Dual-Use Items) dated

13 June 2012 granted by the Secretary of State.

The Secretary of State, in exercise of powers conferred by Articles 9(2) and (4) of Council Regulation (EC) No. 428/2009 ("the Regulation")^(a) and Article 26 of the Export Control Order 2008 ("the Order")^(b), hereby grants the following Open General Export Licence:

Union Licence

1. This is general export authorisation under the terms of Article 9(2) of Council Regulation (EC) No. 428/2009. This authorisation, in accordance with Article 9(2) of that Regulation, is valid in all Member States of the European Union and is a Union Licence for the purposes of the Order.
2. Subject to the following provisions of this Licence, any items specified in Part A of Schedule 1 hereto, other than any specified in Part B of that Schedule, may be subsequently exported from the United Kingdom, or from any other Member State by any person established in the United Kingdom, to any destination except a destination in a country specified in Schedule 2 provided the item is being exported for:
 - (1) the purposes of repair, and are to be returned to the United Kingdom after such repair, or for replacement under warranty; or
 - (2) being returned as unwanted goods; and

(a) O.J. No. L134 29.5.09. p.1.

(b) S.I. 2008/3231

- (3) delivery to the manufacturer or the person who first supplied them other than for re-sale ("original supplier"); and
- (4) delivery to the country from which they were imported into the European Union.

Exclusions

3. This Licence does not authorise the export of items:

- (1) if the exporter has been informed by a competent authority of the Member State where he is established that they are or may be intended, in their entirety or in part
 - (a) for use in connection with the development, production, handling, operation, maintenance, storage, detection, identification or dissemination of chemical, biological or nuclear weapons, or other nuclear explosive devices or the development, production, maintenance or storage of missiles capable of delivering such weapons,
 - (b) for a military end use and the purchasing country or country of destination is subject to an arms embargo imposed by a Decision or a Common Position adopted by the Council of the European Union or a decision of the OSCE or imposed by a binding resolution of the Security Council of the United Nations, or
 - (c) for use as parts or components of military items listed in the national military list that have been exported from the territory of the Member State concerned without

authorisation or in violation of an authorisation prescribed by national legislation of that Member State;

- (2) if the exporter is aware that the items in question are intended, in their entirety or in part, for any of the uses referred to in sub-paragraph (1);
- (3) if the exporter has grounds for suspecting that the items in question are or may be intended, in their entirety or in part, for any of the uses referred to in sub-paragraph (1)(a), unless the exporter has made all reasonable enquiries as to their proposed use and is satisfied that the items will not be so used;
- (4) to a destination within a Customs Free Zone; or
- (5) if their export is controlled by virtue of any entry in Annex I to the Regulation not specified in Schedule 1; or
- (6) where the exporter has, at the time of export, been served with a notice which suspends or revokes his ability to use this Licence pursuant to article 32(1) of the Order, unless the period of suspension or revocation has expired.

Conditions and Requirements

- 4. The authorisation in paragraph 1 is subject to the following conditions:
 - (1) on exportation of any items pursuant to this Licence, the exporter shall produce to an officer of HM Border Agency, if so requested, documentary evidence that the items are being exported to the manufacturer or original supplier for repair and return to the

United Kingdom, replacement under warranty or as unwanted goods;

- (2) except in the case of an export of technology by telephone, fax or other electronic media, official and commercial export documentation accompanying the items shall include a note stating either:
 - (a) "These items are being exported under the OGEL (Export for Repair/Replacement under Warranty: Dual-Use Items)"; or
 - (b) the SPIRE reference (in the form 'GBOGE 20XX/XXXXX') of the exporter's registration in respect of this licence,

which shall be presented to an officer of HM Border Agency if so requested;

- (3) Where the exporter has received a warning letter sent on behalf of the Secretary of State which identifies failure to comply with this Licence or a provision of applicable export control legislation, the exporter shall take such steps as are identified in that warning letter (within the timescale stated) in order to restore compliance with the Licence. Without prejudice to article 34 of the Order, failure to comply with this condition may result in this Licence being revoked or suspended until the exporter can show compliance to the satisfaction of the Export Control Organisation. The exporter will be notified in writing of any such suspension or revocation and the initial period of such suspension or revocation. Where at the end of this initial period, the exporter has not shown compliance to the satisfaction of the Export Control Organisation, the period of suspension or revocation may be extended. The exporter will be notified of such an extension in writing.

Registration

5. The requirements of Article 28 of the Order **shall** apply to this licence.

Prohibitions not affected by this Licence

6. Nothing in this Licence affect any prohibition or restriction on the export of any items other than under the Regulation or the Order, and this licence does not confer any licence or permission under, or for the purposes of, any enactment other than the Regulation and the Order.

Interpretation

7. For the purpose of this Licence:

- (1) "Customs Free Zone" means a part of the territory of a country where any goods introduced are generally regarded, insofar as import duties and taxes are concerned, as being outside the customs territory of that country, and are not subject to the customs controls that would otherwise apply;

- (2) "entry" includes part of an entry;

- (3) "repair" means making good any remediable defects, and work of maintenance or restoration. This may involve coincidental improvement upon the original goods, e.g. resulting from the use of modern replacement components or from use of a later standard for reliability or safety reasons. It may also involve improvements of a purely cosmetic nature e.g. paint work.

(4) unless the context otherwise requires, any other expression used in this Licence has the same meaning as in the Regulation or the Order as appropriate.

Entry into Force

8. This Licence comes into force on 15 June 2012.
9. The Open General Export Licence (Export For Repair/Replacement under Warranty: Dual-Use Goods) dated 8 December 2011 is revoked.

***An Official of the Department for Business,
Innovation and Skills authorised
to act on behalf of the Secretary of State***

SCHEDULE 1

SCHEDULE 2

DESTINATIONS CONCERNED

This export authorisation is valid for exports to the following destinations:

All destinations other than in:

- Angola, Australia, Canada, India, Iran, Iraq, Japan, Libya, New Zealand, North Korea, Norway, Pakistan, Serbia and Montenegro, Sri Lanka, Switzerland, Syria and USA
- European Union Member States as follows: Austria, Belgium, Bulgaria, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden – **an export licence is NOT required for dual-use goods being exported to EU destinations BUT you must state on export documents that your items require a licence if exported outside the EU and you must keep records (as specified in Articles 22(10) and 22 (8) of the EU Dual Use Regulation).**

NOTE:

1. Exports of items covered by this licence may be made under the authority of the European Union General Export Authorisation (EU GEA 001), subject to certain conditions and restrictions, to the following destinations:

Australia, Canada, Japan, New Zealand, Norway, Switzerland (including Liechtenstein), USA

EXPLANATORY NOTE

(This note is not part of the licence)

1. This Open General Export Licence has been amended as a result of Council Regulation (EU) No 388/2012 which amends Council Regulation (EC) No 428/2009 (the EU Dual-Use Regulation). The amending Council Regulation is dated 19 April 2012 and was published in the Official Journal of the European Union (OJ L 129, 16.5.2012) on 16 May 2012. It comes into force 30 days after publication, on 15 June 2012. The amendments include:
 - Addition of control list entry codes in Schedule 1 (Part B) - 6A001.a.1.a, 6A005.g and 8A002.r
 - Removal of control list entry code in Schedule 1 (Part B) – 6A001.cThis licence has also been amended to update text references to ‘Community’ and ‘CGEA’ to refer to ‘Union’ and ‘EU GEA’ as appropriate and to amend text references to an arms embargo which is ‘decided by a Common Position or Joint Action’ to the text: ‘imposed by a Decision or a Common Position’.
2. This Open General Export Licence permits, without further authority but subject to certain conditions, the export from the United Kingdom, or from any other Member State of the European Union (EU) where the exporter is established in the United Kingdom, to any destination other than one listed in Schedule 2 to the Licence of items specified in Part A of Schedule 1 to the Licence, other than those specified in Part B of that Schedule, which are being exported from the United Kingdom for the purposes of repair and return to the United Kingdom, replacement under warranty or as unwanted goods.
3. If the goods are exported under this licence and subsequently found to be beyond repair, the repairer shall issue an unequivocal statement that the goods were beyond repair and the exporter shall produce a copy of the statement to an officer of HM Border Agency or any other person authorised by the Secretary of State if so requested.

4. The Export Control Order 2008 (“the Order”) contain certain registration and record keeping requirements which apply to persons using this Licence.

(a) Under Article 28 of the Order, an exporter who exports items under the authority of this Licence must, before or within 30 days after the first occasion he makes use of the licence, provide details to the Secretary of State of his name and the address where copies of the records referred to above may be inspected.

This notification must be made via the Export Control Organisation’s electronic licensing system, SPIRE, at <https://www.spire.bis.gov.uk>

(b) Under Article 29 of the Order, any person established in the United Kingdom who exports items from the United Kingdom or another Member State under the authority of this Licence must maintain and retain certain records relating to each such export for at least three years from the end of the calendar year in which the export takes place, and must permit such records to be inspected and copied by any person authorised by the Secretary of State.

5. The Secretary of State has the power to suspend or revoke licences at any time and in such circumstances and on such terms as he thinks fit. If an exporter receives written notice to this effect, he will be prevented from relying on this Licence. The power to suspend may be used in addition to criminal prosecution or as an alternative. Suspension may occur for example where an exporter is being investigated or prosecuted in relation to a possible criminal offence, or has been found guilty of a criminal offence under the export control legislation. It may also be used in situations where an exporter has breached the conditions of the Licence and failed to take corrective action within a reasonable period (see condition 4(3)).

6. Where, the ECO identifies failures in compliance with licence conditions or the legislation during a compliance visit, the ECO may send a warning letter to the exporter listing the improvements that need to be made to ensure compliance. The letter will set out the timeframe within which these

improvements must be completed. Failure to complete these improvements may lead to the exporter's ability to use the licence being suspended for a period of time.

7. The exporter may apply for Standard Individual Export Licences during the period of suspension. Suspension will not automatically prevent him from using another OGEL so long as he meets all its terms and conditions and that he has not received a letter suspending or revoking his ability to use that licence.

8. This Licence does not extend to any prohibition under legislation other than Council Regulation (EC) No.428/2009 or the Order: in particular it does not extend to prohibitions in other legislation implementing United Nations sanctions.
