Subject: Chiltern Railways - Amendment to Small Schemes Fund projects

Dear [REDACTED]

Further to our phone conversation today we recently confirmed the projects which we were planning to use fund from our allocation of the AfA Small Schemes fund. Following several project meetings and site surveys we would like to amend the scope of the schemes for which we will seek AfA funds.

Initially we had planned to undertake five projects using DfT Access for All funds:

1. Automated Door opening at Dorridge
2. Installation of DDA compliant toilets at Dorridge
3. Disabled parking and access improvement at Bicester North
4. Disabled parking and access improvement at Haddenham and Thame Parkway
5. Enhancement of disabled toilet facilities at Denham

Following site survey work and consultation with our use groups we believe that a greater value for money can be achieved by amending the scope of works at Denham and substituting a scheme at High Wycombe for the projects at Haddenham and Bicester. At Denham we already have toilets which are DDA compliant although they do require some enhancement in the form of modification to the ventilation system and light refurbishment. This considerably reduced the scope of the project and allows for other projects to be considered. We feel that the provision of DDA compliant toilet facilities at High Wycombe to be a priority, as currently there are no such facilities at the station which has a very high footfall. Therefore we would like to amend the scope of works to:

1. Automated Door opening at Dorridge
2. Installation of DDA compliant toilets at Dorridge
3. Deep cleaning and installation of ventilation system at Denham, where disabled toilets are already present
4. Installation of DDA compliant toilet facilities at High Wycombe

It is proposed that the schemes at Bicester North and Haddenham be deferred until the 2012/13 round of Access for All funding.

I trust that this proposal is acceptable and look forward to hearing from you shortly.

Regards
