Important notes:

- a. The local authorities listed in the table are derived from the address given on the claim form. It does not follow that the services to which the claim relates were necessarily all or partly conducted in the local authority area.
- b. The grants relate to the last full year period for which an operator has submitted a certified BSOG claim. These 'claim years' vary from operator to operator and they do not relate to a single financial year. However, the grants for Community Transport operators relate to a six month period ending March 2011.

BSOG Claimant	Upper-tier Local Authority of claim address (outside London) ^{a 1}	Grant 12 month period	Date of certified claim

¹ Unlike other metropolitan areas, claims in the London area are not categorised at the Borough level and are instead categorised as 'Greater London'

Important notes:

a. The local authorities listed in the table are derived from the address given on the claim form. It does not follow that the services to which the claim relates were necessarily all or partly conducted in the local authority area.

b. The grants relate to the last full year period for which an operator has submitted a certified BSOG claim. These 'claim years' vary from operator to operator and they do not relate to a single financial year. However, the grants for Community Transport operators relate to a six month period ending March 2011.
