Alternatives to Travel Survey
This survey is part of a Department for Transport study into reducing the need to travel in the public sector. It will help us understand how you, as a local authority employee, need to travel, including journeys to and from work as well as journeys for work.
We're also interested in how you feel about the journeys you make and what changes would make things better for you.
Feel free to leave out any questions you don't feel comfortable answering, although the more you can answer the more it helps us.
The survey takes about 10 minutes to complete, and your responses will be anonymous.

## **ABOUT YOUR JOURNEY TO AND FROM WORK**

We understand that some days are different from others, and that no survey works perfectly for everyone, but we'd like you to tell us how you commuted to and from work last week. This gives us a five day 'snapshot' of your commute, using a week that should still be fairly fresh in your memory.

1. For each day, you can use as many 'steps' as necessary to describe your journey. Let's say you simply drive to work and this takes 20 minutes. In this case, there is just one step, by car, lasting 20 minutes. If, on the other hand, you spend 6 minutes walking to a bus stop, wait 10 minutes and travel on the bus for a 15-minutes, then spend 5 minutes walking to the office, there are three steps: walk for 6 minutes, bus for 25 minutes and walk for 5 minutes. (Include waiting time into all of your public transport journeys times).

- 2. What is your home postcode? (You can provide only the first part of your postcode, or if you would prefer not to provide it, please complete the next question instead)
- 3. How many miles is your journey to work?

You can calculate the distance between your home and work postcodes by copying and pasting this link into your browser:

In these next few questions, we are again going to use last week as a five-day 'snapshot' of your working life, to tell us about the journeys you need to make as part of your working day.

4. In this question	n, we are aiming to understand if you work in	more than one place in a
day. So if, for exa	mple, on every day last week you visited you	r usual workplace and

## **YOUR CHALLENGE**

You will be participating in a one month trail (7th November - 7th December) to help DCC understand the potential to reduce travel and office costs by using alternatives to travel.

Alternatives to travel include:

- working from home
- working from a different location (for example, an office that is closer to your home)
- flexible working (for example, compressing your week into 4 longer days so you can have one day off work every week, or avoiding peak time travel)
- using technology (such as web conferencing, or simply having a one to one meeting by telephone)

Please select a 'challenge' from the list below. You can choose one or more challenges, aiming to avoid travel for two days per week.

If you already formally work from home you should aim to avoid travel for an additional 2 days per week. If you currently work from home informally, you can formalise this working pattern through the challenge.

During the trail month, if work responsibilities mean that you need to break the challenge, please try a different alternative to travel (such as travelling outside of the peak).

21. (	Choose any one of the challenges below:									
	Work from home two days per week									
	Work froma remote office two days per week									
	Work from home one day per week and from another office one day per week									
	Compress your week into 4 longer days, and work one of your days from home or another office									
	Carry out one in every two meetings (that require travel) by telephone (min. 1 per day )									
	Travel outside of peak time (8-10am, and 4-7pm) 4 days per week									
Please	e provide details of which days or hours you will be working, and which other offices you will be using									
22. (	Or, choose any two of these challenges:									
	Work from home one day per week									
	Work from a remote office one day per week									
	Compress your week into 4 longer days									
	Carry out one in every two meetings (that require travel) by telephone (min. 1 every other day)									
	Travel outside of peak time (8-10am, and 4-7pm) 3 days per week									
Please	e provide details of which days or hours you will be working, and which other offices you will be using									
23. (	Or, if you can think of another way to avoid travelling for 2 days per week, you can									
writ	e your own challenge here:
